

### **Preceptor Biography**

**Name:** Jennifer N. Clements, Pharm.D., BCPS, CDE, Assistant Professor of Pharmacy Practice, Shenandoah University, Bernard J. Dunn School of Pharmacy

**Primary Practice site:** Pharmacotherapy Clinic, Martinsburg Veterans Affairs Medical Center

**School of pharmacy:** Campbell University School of Pharmacy, Buies Creek, North Carolina (2006)

**Residency program:** PGY-1 Pharmacy Practice Residency with an emphasis in primary care, Ralph H. Johnson Veterans Affairs Medical Center, Charleston, South Carolina (2007)

**Usual daily activities:** Her clinical responsibilities include managing patients with diabetes, hypertension, and hyperlipidemia in Pharmacotherapy Clinic. She is also the lead pharmacist for the monthly group diabetes education class. Other responsibilities include resident oversight for the Pharmacotherapy Clinic, Academia rotation, and Grand Rounds presentation.

**What you like most about working for the Martinsburg VAMC:** I like the variety in my position between Shenandoah University and the Martinsburg Veterans Affairs Medical Center. It allows me to be involved in the future of pharmacy among the students, but also be a mentor for the program's pharmacy practice residents. In addition, I enjoy teaching and exhibiting the value of a pharmacist in patient care.

**Other interests:**

Pharmacy: Endocrinology, Ambulatory Care, Women's Health, Medication Safety

Personal: Exercise, reading, and spending time with husband (Matt)
